

QuickStand® Eco

Humanscale's QuickStand Eco is the next generation in portable sit/stand products. Sleeker, easier to use and comprised of more sustainable materials than ever before, it is a vast improvement over the current generation of sit/stand options. This work surface is available in laptop, single or dual monitor configurations. QuickStand Eco features simple setup, portability and near effortless adjustability — transforming ordinary desktops into healthy, active workspaces.

Advantages of QuickStand Eco — The Next Generation in Sit/Stand:

- Merges ergonomics with height-adjustable functionality
- Designed with minimal, clean aesthetic
- Made only with healthy, sustainable materials — no formaldehyde or PVC
- Complements any space: home or corporate offices, collaborative or hot-desking spaces, check-in areas and more

Design Story

Humanscale is committed to function, simplicity and longevity. With minimal, fewer parts and long-lasting, high-quality materials, QuickStand Eco was designed to look and work as well in 10 years as it does today.

Features

- Main assembly holds up to 35 lbs.
- Designed to accommodate users of varying heights with 18" of work surface adjustment
- Effortless functionality encourages more movement and allows user to move from sitting to standing instantly
- Minimal footprint allows for more use of the desktop area
- Self-locking mechanism provides ultimate stability and functionality
- Affordable workspace wellness solution that will blend into any environment
- Compatible with OfficeIQ — Humanscale's innovative sit/stand alert software
- Monitor height adjustment for correct ergonomic fit

Environmental Story

Humanscale was the first company to have products that meet the stringent Living Product Challenge criteria and we are leading the industry in embracing Health Product Declarations. A Declare label is available for QuickStand Eco to clearly disclose all of its ingredients and encourage material transparency.
